

ACKNOWLEDGEMENTS

We would like to express our deepest gratitude to the Tokyo Foundation for their financial and inspirational support. Special thanks to Mr. Takashi Suzuki, Isamu Maruyama, Yoko Kaburagi and Miki Imai. Also thanks to the Sylff Fellow Julio Cerezal Tamargo.

At the same time, we would like to take this opportunity to thank the University of Deusto and particularly the International Relations Office for their support and encouragement. Our most sincere thanks to Dorota Malecka, Karmele Goya Zarandona, Isabel Prieto González, Jon Ortiz de Urbina, Juan Carlos Duque Amechazurra and Julia González Ferreras.

Jon Ortiz de Urbina's effort and time have been crucial in order to carry on with the work since he has been in charge of the final supervision of the texts. Therefore, we consider that this is also Jon's publication.

We have a debt of gratitude with all the extraordinary contributors to this book for their kindness, time and hard work. The current publication would not have been possible without them.
